WHAT OUR PATIENTS SAY

- ◆ “Therapists explained my condition and were very thorough in helping me understand how to do my exercises so that I could reach my goal of decrease in symptoms.”
- ◆ “They helped me improve my condition.”
- ◆ “Explained what each treatment was to accomplish, very knowledgeable of muscles and bone structure—explained why I had discomfort in certain areas. I felt very confident in the care I was given. Never waited long for service—everyone ran on a tight schedule, which is good. I would recommend your service to my friends...”
~Patients of **Nancy Blanchard, PT & Amy Homan, PTA**
